# SALE OF PICNIC GOODS

SHE SHOW WINDOWS.

## TO-MORROW

Commencing at 8 A. M. and Closing at 6 P. M. Millinery Department will keep open until 8 P. M. FRIDAY EVENING ALL OF OUR DE-PARTMENTS WILL REMAIN OPEN UNTIL 9 O'CLOCK to accommodate those who wish to attend the ODD FELLOWS' PICNIC, and who cannot buy their outfit before evening. An extra stock of Ladies' and Misses' TRIMMED PICNIC HATS will be on sale.

Fact of the matter is, the dull times for the past several mouths have caused our Stores to be crowded with goods-Spring purchases coming in on to a stock that ought to have been sold. Consequently we are DAUBLE-DECKED IN MANY LINES.

In order to properly throw ourselves together and become righted, we have concluded to close out many lines; and in order to do so, we shall mark them down to such figures that the public will watch our Ad, and attend our sales, which for some time will be held twice a week, and many of the goods will be shown in show windows.

Linen Napkins and Doilies, in green, drab and turkey red, 25 cents per dozen. Sateens, wide width, in six new shades, flowered and figured, newest designs, 10 cents per yard.

EASTERN RACES.

Hands Off and Tendency Divide a Very

Nice Purse. LINDEN, April 22d.-The Linden race track was opened to-day with a programme of seven very interesting running events. The weather was clear and pleasant, and the track fast and in splendid condition. An immense crowd was in attendance, and the betting on the different events was spirited and lively.

The second race proved the most exciting of the day. It was for two year olds, sweepstakes, and the distance was half a mile. At the start Best Boy took the lead, and kept it until the quarter pole was reached, when Hands Off and Tendency pulled out from the string. After that the race was one of the prettiest ever seen on this track. They passed under the wire neck and neck, a dead heat for first place. Best Boy took third place, and the time was:491. By the unanimous consent of the judges the purse was evenly divided between the two the ran the dead heat.

The first race, three-fourths of a mile, was won by Fordham in 1:15, Bradford

second and St. John third. The third race, seven eighths of a mile, was won by Seadrift in 1:29, Kenwood secand Sam Morse third.

The fourth race, one mile, two entries, fima B. won, with Golden Reel second. Time, 1:433. The fifth race, three-fourths of a mile was won by Golden Rod, Lulu second and Clay Stockton third. Time, 1:151 foot second and Mattie Loorman third.

Her Relations With Uncle Sam are Some

what Strained. NEW YORK, April 22d .- The relations etween the Government and that of Guatemala have become somewhat strained by reason of the efforts of Secretary Blaine to obtain justice for J. H. Hollander, an American citizen, who as editor of the Guatemala Star has been twice imprisoned and finally expelled from the country, besides suffering the confiscation of his newspaper property. Hollander was expelled from Guatemala about ten months ago, and ever since then Secretary Blaine has been persistent in his efforts to obtain permis sion for Hollander to return to settle up his estate. After repeated refusals on the part of the Barillas Government, Secretary Blaine to-day instructed Minister Mizner to notify the Guatemalan Government that

Mr. Breckenridge left Washington with the committee, and the party is expected to arrive here to-morrow night. Dated Back to the War. Louisville, April 22d .- A report comes

from Castletisburg that Colonel W. S. Smith, manager of the lumber company near Pineville, on Saturday shot and killed Frank Phillips. Phillips, when he first met Smith, some weeks ago, charged him with being the man who, during the war, had Phillips' father arrested and sent to prison. This Smith denied and appar-ently satisfied Phillips. That night, however, Phillips sought out Smith's quarters and shot him while in bed, inflicting a wound which was painful but not dangerous. When Smith recovered he got from Governor Fleming, of West Virginia, a requisition on Governor Buckner for Phillips' arrest under the authority of Gov-

ernor Buckner. Smith was attempting to

arrest Phillips when the latter was killed.

Cotton Stalks. Augusta (Ga.), April 22d. - William E. Jackson, a well-nown lawyer of this city, it is asserted, has perfected mechanical appliances for making bagging from cotton stalks, and has just returned from New York with a specimen roll of bagging, which, expert cotton men say, is in every respect equal to cotton bagging. Mr. Jackson will utilize the large stalks, and an annual stock yield will bale three years' cotton crops. The machinery comprises heavy-weighted corrugated rollers with vats of running water, carding machines and bagging looms. It is estimated that in making the bagging from cotton stalks, \$2,000,000 anually will go into the pockets of farmers for what is now cleared from the

McCalla's Court Martial. NEW YORK, April 22d .- The Court-martial of Commander McCalla of the Enterprise, U. S. N., began at noon at the Brook-lyn Navy Yard. The charges, which are the ones reported by the recent Court of Inquiry, include that of severe cruel treat-ment and also of violations of the "articles for the government of the navy." Rear-Admiral David B. Harmony is President of the Court. Lieutenant Perry Garst is the Judge Advocate, and is assisted by Lieutenant William H. Stayton, of the Marine Corps. Availing himself of the privilege granted by the Court, Commander McCalla objected to Captain Beardslee, Commandant of the receiving ship Vermont, as a member of the Court. The objection is sustained.

Padrone System in Operation. NEW YORK. April 22d .- The sub-committee of the Joint Congressional Commit-tee on Immigration continued its inquiry here to-day. T. B. McGuire of the Knights of Labor was further examined. He said the contract labor law does not work satisfactorily, owing to the neglect of the District Attorney to prosecute the cases brought to his attention. Immigration is being stimulated by the steamship companies by misrepresentation. McGuire swore that the padrone system was in operation in New York and that padrones got places for Italian immigrants in the public works by paying bosses, and in return charging men for getting them employ-

Ah Jim's partner, Ah Hong, subsequently went to China, where he married, returning with his wife to this country. The authorities refused to let the woman land, and Ah Hong says he proposes to go back to China. He is needed here to identify the men on trial, as he was present when Ah Jim was killed.

Two Men Severely Injured. CHICAGO, April 22d .- At 1 o'clock this morning a fire broke out in the baker shop of L. Zacher, Milwaukee avenue. Fred Banschard, in attempting to save some of his clothes in one of the rooms, suddenly found himself surrounded by flames, when he jumped from the second story. Brazel, a shoemaker next door, was awakened by the smoke pouring into his room. In his excitement he rushed down stairs and plunged through a large plate-glass window. Both men are, it is feared, fatally injured.

Italian Counts. NEW YORK, April 22d -The Senate Immigration Investigation Committee boarded the Fabre line steamer Pictovis from Naples with 1,789 Italians. GRAND ARMY OFFICERS. A. J. Buckles, of Fairfield, Elected Com-

mander-Incidents.

SAN JOSE, April 22d.—The twenty-third annual parade of the Grand Army of the Republic of California was held to-day. The city is decked in its brightest national colors, and presents a beautiful appearance. There was a general suspension of business. The streets were crowded with gaily-dressed ladies from the city, valley and abroad, and gentlemen anxious to witness the old soldiers who have congregated in annual conference. The day was all that could be desired. There were probably 1,000 or 1,200 in line. The procession was under the supervision of G. W. Gausline, Grand Marshal, and J. W. Peard, Chief of Staff. The Marshal and Chief formed the procession with the first division on North Third street, the right resting on Santa Clara street; the second division on East Santa Clara street, the right resting on Third street; the third division on Third

street, the right resting on South Third At 11 o'clock the column moved, the first division, under the command of J. S. Gage as Marshal and D. J. Soper as Aid, falling into line at the corner of Third and Santa Clara streets. The procession was headed by twelve policemen. The Fifth Regiment band of San Jose, with eighteen pieces, followed at the head of Company B of the Fifth Regiment, sixty strong. Phil. Sheridan Post, No. 7, G. A. R., with

seventy men in line, closed the first divis-ion. The second division was headed by the First Artillery Band of San Francisco. The Veteran Guard of California, fifty in were followed by the Department officers of the G. A. R. A four-in-hand carriage came next, containing Commander-in-Chief Alger of Michigan and Governor R. W. Waterman. The Governor's staff followed in carriages.

Lincoln Post, No. 1, of San Francisco, with sixty-five veterans, was then placed George H. Thomas Post of San Francisco turned out about sixty members, and was followed by Garfield Post, No. 34, of San Francisco. This post had 275 men in line, and was the largest post in the column.

J. F. Reynolds Post, No. 98, of Santa Cruz closed the division for the Grand Army, and was followed by officers of the Woman's Relief Corps in carriages. The Reed Street Band led the third divis-

Gatos followed, with forty-two in line, and James A. Custer Sons of Veterans was next with thirty members. Following the Sons of Veterans were the ladies of the Grand Army, the Superior Judges, city officials, Supervisors, and the

Mayor and Common Council. General Alger arrived in a private car at 10:45 this morning, and reviewed the parade in his carriage in front of the Courthouse steps. He exhibited the liveliest interest in the old soldiers, and of one who was minus an arm, asked: "Where did you lose that arm?" "At Appomatox," was the reply. "Good soldier," complimented the Commander-in-Chief. The General reviewed the parade in company with Governor Waterman and his staff.

NEAT PRESENTATION SPEECH. One of the most pleasing events which has occurred since the opening of the Grand Army Encampment took place today. Colonel W. R. Smedberg this after-noon stated to the Encampment that Mrs. Charles F. Bicknell of Carson City, Nevada, accompanied by several lady friends, desired the attention of the comrades for a few minutes. He said in conclusion that Mrs. Bicknell had been delegated by Gengavel to the Department Encampment of California in kindly remembrance of the California comand that there is not a livery stable in eral Hill of the State of Maine to present a

Soldiers and sailors of the Grand Army of the Soldiers and sailors of the Grand Army of the Republic, you represent in the highest and fullest degree the great principles for which Gettysburg and Spottsylvania were fought, for which the victims of Andersonville suffered and died, and for which the old flagship Hartford swept onward in its romantic and victorious career. Far from the scenes of your childhood you have wandered, from the banks of the Potomac and the Tennessee, and the stormy waves of the Atlantic. You have turned your daring footsteps to the West and brought with you those deathless principles to this land—this land just inside the Golden Gate. This land upon which the sun delights to shine. The mind-reading problem has received another "lift" in the telegraphic statement that one of the shrewd mind-readers at the East has just astonished the people by proving that he can read the thoughts of another at a long distance. It is alleged that at Washington the other night a mind-reader operated in this manner: An insulated copper wire was used. One end of it was held by the "reader" across his forehead. The other end was taken possession of by a gentleman selected from the party, and a stranger to the "reader." At a signal this gentleman placed the end of the wire upon his forehead. He opened his watch and looked at the number engraved upon it. The "reader," at the other end of the wire, and with his eyes blindfolded, wrote the number, figure by figure, upon a blackboard. It adds to the puzzling character of the test that it was performed under such conditions as to make fraud or trickery impossible. The gentleman who opened his watch frankly admitted that he did not know what the number was until then. The figures were small. He made a mistake in one of the figures, thinking a 6 was a 5. The mental telegraph was true to the blunder. The figures which the "reader" traced upon the blackboard were exactly as the gentleman thought he saw them in the watch There was absolutely no possibility of communication between the two men except by the wire. It was apparently a clear case of mind telegraphing to mind.

But now comes a more important state-Pollock, who died this week, hold the wire at Wilmington, Delaware, while the "reader" was at the other end of the line in Philadelphia. Thus situated he successfully wrote out numbers upon which the Governor fixed his mind. Assuming these recitals to be accurate, to be unexaggerated, and that there was no direct collusion nor any unintentional aiding of the operator, it will puzzle the men of science to explain the mystery. Certainly some of these so-called mind-readers have recently performed feats that defy detection, if they are tricks, and equally certain is it that science has not yet exploited the mind-reading phenomenon and given to the average understanding a lucid explanation of how the feat is accomplished Since hypnotism has obtained such a foothold that the physicians recognize it as a powerful and dangerous influence and solicit legislation to prohibit experiments, except under medical superintendence. we may hold judgment in abeyance and expression that precisely fits the case of suspend condemnation of the mind-readers. Now THAT it may be deemed settled that the World's Fair is to be held in Chicago in little more than two years, the question will present itself to Californians, "shall California be represented in the great exhibition?" Of course the answer will be in the affirmative. Then comes the consideration of methods and means It will probably be the public judgment that the State as a commonwealth should be represented, and at the expense of the public treasury, since the benefits that are to flow from the part we take in the fair will be in the interest of all the people and whatever pride is taken in the exhibit should be shared by all. But it will not necessitate anywhere near the estimate that has been given out semi-officially. If discreet men, those having the best interests of the State at heart, and capable in a business way, are appointed on the California Board of Direction, we can make a handsome showing at the fair for a sum under \$200,000. The private exhibitors from this State are certain to be as numerous as from any other in proportion to State aid, except in the award of State premiums, which it may be well to provide. The State should, however, assumthe exhibition at Chicago of all articles of soil growth; it ought to manage the mineral, fruit and cereal displays, and i should stand the expense of fitting up the California section in the exhibition building. The products of the State to be exhibited should be gathered under the supervision of a State Board, and the greatest care exercised in that respect. It i now full time to enter upon thoughtful consideration of the matter, for we are presently to elect a new Legislature, new in most part, and the members ought to come up to the Capital next winter fully informed as to the policy the majority of the people desire carried out concerning [California's place in the fair. That she should have a part in it commensurate with her importance and her promise is a matter beyond the realm of dispute.

THE story that the Pope has instructed his priests to show especial kindness to President Carnot, of France, and to recognize him and the republic as doing a work approved of God, appears to be borne out by the receptions of the President in the provinces, and in which the clergy took a prominent part, and pronounced the President to be a true son of the Church, and bestowed upon him its blessing. There is probability in the statements concerning this about-face of the Church of Rome. It is shrewd enough to discover that the republic in France has come to stay, and that it is folly to encourage Royalists in the hope of restoration. The Vatican does not propose to be any longer the shoulder over which the republic lashes its foes. How any journal claiming to the dignity and

power of that paper can bring itself down to the level of such devices to create a sensation is incomprehensible. Such lying is worse than theft, and ought to debar the publishers of the paper from the society of men who have a spark of manliness in their composition. The result of the World's bit of gibbering "wit" was to subject Mr. Cleveland to a shower of abuse from the Sun, that for venom and sting has not been surpassed, or even equalled. By the World's infamy both Cleveland and Dana have been placed in false positions, and the whole public has been mortified. There ought to be some adequate punishment for such offenses in journalism, and there is, but public sentiment alone can apply it. A paper that can conjure up such deviltry and then confess to it is not worthy the recognition of decent people, and ought to be removed with the tongs.

### A TELL-TALE WILL.

Romance of a Bachelor's Will-A Sar Francisco Scandal NEW YORK, April 22d .- Francis G. Cunningham has played a very unpleasant posthumous trick upon his eminently repectable and very wealthy relatives. He was himself a bachelor of affluent circumtances. He spent many years in California, where his father accumulated a large ortune by judicious investments in San Francisco real estate. He finally came East to live.

There was at least one epsode in his jolly bachelor life which he did not care to make public, and, of course, a woman figured in . He was a shrewd man and must have known that his will would become a matter of public record after his death. By his will he appointed his brothers in law, D. O. Mills and Herbert R. Bishop, and his nephews, Odgen Mills and James and Frank Cunningham, trustees, but only one of them-the last named-will qualify. The will creates two trust funds. The first is for the sum of \$360,000, and is for the enefit of Marie R. Feleppini, of the Villa Dupont, Rue Pergalese, Paris, and of her daughter, Gabrielle Francois, who is au-thorized to adopt the name of Conningham. The mother is to receive \$3,000 an nually for her support, the daughter event-ually to have \$9,000 a year. She will get \$60,000 as her dowry, but if she is still single on her twenty-fifth birthday this money will be given to her. The residue of the estate is made another trust fund. Of this, one-fifth of the inome is to be paid to the oldest surviving son of the testator's brother, William Cunningham, and the rest is to be equally divided between the nephews and nieces whose children will inherit the principal.

### PUSHING THE GOOD WORK.

THE STATE BOARD OF TRADE AND THE NORTHERN COUNTIES.

Efforts to Bring Them Together-How California's Object Lesson on Wheels is Regarded in the East.

Last night A. Caminetti, Secretary of the State Board of Trade, went north to visit those of the upper counties not represented now in the State Board of Trade and endeavor to secure their co-operation. In speaking of his trip and the purpose in

view, Mr. Caminetti said : "I believe the movement inaugurated at our last meeting to bring the people of the State nearer to each other, to be one that will confer lasting benefits. It will wake up the mining communities especially. Whenever a visitor from one of those coun-ties that have remained stationary for years goes to one of our progressive counties he will take back with him new ideas, and will want his county to show a little life. If those northern counties would only be alive to the fact that their soil is as good as any in the State for horticultural and viti-

000 would visit the exhibition in the course of the whole trip, yet here it had only got as far as Iowa, and up to the 17th instant, about one-third of the journey being covered, 537,000 people had visited the cars. If this was kept up, almost two milions were

expected for the whole trip.

Of the project of the southern tier of counties to establish a permanent exhibition in Chicago, which is being talked of in Los Angeles, Mr. Caminetti said that, while the State Roard of Trade had no objections to offer, it would be glad to con-tinue its relations to the southern counties. CALIFORNIA ON WHEELS.

It is thought, remarks the Bulletin, that when "California on Wheels" reaches New England it will attract even greater attention than in the West, for the reason that on account of the many excursions from New England of late years California is more widely known. Efforts will be made to comply with Dr. Blowers' request to have California represented in this show by a better mineral exhibit. As they go farther East, Dr. Blowers says in his recei letter, the inquiries as to California's mineral resources become more frequent. A specimen of Texas blue grass, raise by actual test without irrigation, by A. J Roberts of San Leandro, has been received

at the rooms of the Board of Trade. The following letter will be read with interest:

Davenport, Ia, April 14, 1890.

J. Q. Brown, Manager State Board of Trade—My
Dear Sir: Being an old advertising agent for
newspapers and other publications, of many
years experience, and greatly interested in California, I thought a line from me might be of
possible interest to you at this time. Your exhibit of the products of your State, "California
on Wheels," has, for the past ten days, been the
great attraction for thousands of our Iowa citizens, including all classes—educators for schools
and colleges, jobbers and retailers of fruits, lawyers, physicians, bankers, farmers, horticultvers, physicians, bankers, farmers hortical highly entertained and greatly instructed by the official corps of gentlemen in charge, notably Major J. B. Lauk and Dr. R. B. Blowers, notably Major J. B. Lauk and Dr. R. B. Blowers, with his climatic maps, not forgetting Messrs. Mathews and White, the able assistants. The great-object lesson furnished by the wonderful California products was a text from which the gospel of the grape, the olive, the fig and the great range of products was expounded to the admiring thousands in a manner that carried conviction to head and heart. The whole effair is unique in convention and cannot fail

## affair is unique in conception, and cannot fail to exert a wonderful influence as an educator of our Eastern friends as to the capabilities of the Golden State. Yours truly, CHARLES G. PLUMMER. TWO SMALL BOYS.

They Start a Row Which Augmented Wonderfully. The neighborhood of Fourteenth and L streets was treated to a grand melee last

Two small boys got into a quarrel over a heavy marble game, which terminated in week, as on that day a railroad accident the larger one of the two-a lad about ten | would occur and he would be related to it years old-punching his adversary in the vicinity of the proboscis. He would probably have punched him again, but another boy a few inches taller than the puncher interfered and chastised the latter.

Then a still bigger boy chipped in and told the interferer to "take a man his size." The interferer was saucy, and the stillbigger boy dealt him a stinger on the jaw. Then a youth about eighteen years of age bounced the still-bigger boy, and in a moment another bounced him

Evolution never was given a better illus-The fighters kept growing in proportions while the small fry kept dropping out, until finally Frank Smith, the athletic bank clerk, stepped in, and punched the last big-gest youth in the fray. Then two young men essayed to "do up" Mr. Smith, and no doubt the war would have thus continued, and been reinforced until a few hundred were involved, had not some more peacefully inclined citizens stopped it, and in-duced the forces to withdraw. When the smoke and dust of the battle had cleared off, the two small boys who had started the row were found to have resumed their marble game and forgotten their dispute.

### FREEMAN'S TRIAL.

Another Futile Attempt to Get a Jury Yesterday.

Another effort was made in Superio Judge Van Fleet's Court yesterday to impanel a jury to try Charles Freeman, the young man who drowned Mark Feeney at Antelope some time ago. The regular panel was exhausted on Monday, and twenty special jurors were on the list for examination yesterday. Out of this lot only three unprejudiced jurors could be obtained, making eleven in all. A new venire of twenty was issued by Judge Van Fleet, out of which the twelfth juror may be secured to-day. Freeman while in Court bears the same

unconcered and cool demeanor that characterized him during his preliminary ex-amination, and seems to be less interested n the proceedings than the spectators who crowd into the room. His aged mother occupied a seat beside him during most of yesterday, and wept frequently when talesmen would declare that they could not give Freeman a fair trial, owing to the fact of their having their minds thoroughly made up as to his guilt. It is quite probable that the trial proper

that is, the taking of evidence, will begin

Railroad Conductors' Ball. The first grand party of Sierra Nevada Division, No. 195, Order Railroad Conductors, will be given at Turner Hall on Thursday evening, May 8th, and will be one of the most elegant social affairs of the season. The banquet will be served in the new dining-room of the State House, and will be very elaborate. It is understood that a large number of prominent people from different cities along the line of the railroad will be in attendance.

John Gould was found guilty in the Police Court yesterday of disturbing the peace, and sentence will be pronounced to-

Mary Price was sent to jail for thirty days for being a vagrant.

The case of Joe Smith, charged with burglary, was set for to-day.

Pete Brown not guilty of battery. Jessie of earth must come off the street. Thompson Held to Answer Charles Thompson was found guilty of petit laceny in the Police Court yesterday, and sentenced to imprisonment for sixty days. He was also held to answer for

burglary. Thompson is the fellow who stole an overcoat from a rancher and burglarized the French Hotel on the preceding evening. His sojourn in the Capital City has thus far been a brief but eventful one.

Speaking of the immense numbers of people who have visited "California on Wheels," he said that when it first started out it was anticipated that probably 1,000,000 would visit the exhibition in the case of the ily; that certain of her relatives were dead etc. All of which the young lady con-firmed. Finally he told her that she would receive a letter from home on Thursday morning; that it would come from over the sea, and bring satisfactory news about a sister, concerning whom she "worried;" that the letter would be in a strange tongue. The witness confirmed his statements and the prophecy as to her xpectation of news. She gave a RECORD Union reporter her name and address, and stated that she is a Norwegian and is alone as far as relatives are concerned, in this State. George W. Safford, by a nod, admitted hat Slater had "sized" up certain perplexities of his mind and traits of his character.

An Englishman was told that he had a riend, the initials of whose name were H P. The Englishman denied it stoutly. Slater insisted, said the man lived at the time in Melbourne, and his name was Hervey Phipps. "Oh, yes," exclaimed the Englishman, "that is so; he passed out of my life years ago, and is in England now."
Slater then made him confess that he had come a distance to attend the "show," and had hurried to the train "like thunder." Slater added that he had come from the north, from Red Bluff or Redding. He yers, physicians, bankers, farmers, horticulturists, mechanics and the pupils of our schools, and the universal verdict is, "It is wonderful." If I had not seen it with my own eyes, I could never have believed it possible that fruit of such great size and beauty could be grown, and that they could be so excellently cured and preserved as were the specimens here displayed. The enthusiasm was so great that people to the number of between 7,000 and 8,000 daily were passed through the cars, and were highly entertained and greatly instructed by several of Slater's seances in San Francisco several of Slater's seances in San Francisco and had received tests, but he insisted that that the Phipps referred to is Lord Hervey Phipps, an old chum of his youth, and

almost every conceivable remedy for biliousness during the past five years as I am of a bilious temperament and suffer much from stomach and liver treubles. But nothing ever gave me the relief that I obtained from using Joy's Vegetable Sarsaparilla. In fact I think it a cure for those ailments. At the time I was using it I had a little girl living in my family whose neck was seriously affected by a large open sore, and we tried a great many kinds of lotions, salves and blood purifiers to no avail. I gave her some of my medicine (Joy's Vegetable Sarsaparilla) thinking it might benefit her and as it was purely vegetable, knew it could do her no harm. To my astonishment she began to improve, and within two weeks it was entirely healed and she is now as well as ever.

Measures Looking to the Relief of the Poor Tillers of the Soil -A Colored Cadet.

[SPECIAL DISPATCHES TO THE RECORD-UNION.]

### POOR FARMERS. Colonel Polk Warmly Supports Senator

Vance's Bill. WASHINGTON, April 22d .- The Senate warehouses for farm produce throughout the country to be operated by the Govern-ment, which is to issue notes upon deposit of grain therein. Colonel Polk, President of the National Farmers' Alliance, read a long argument in favor of the measure, which he said was formulated by the committee appointed by the Convention of the National Farmers' Alliance and Industrial Alliance, held at St. Louis on December 3, 1889. He sketched the decline in agricultural values, in face of the marvelous progress and development of other industries and interests during the past two decades, and insisted that something should be done for the farmer. He charged the fault upon the financial system of the Government, which resulted in high-priced money and low-priced products. The remedy, Colouel Polk suggested, was three-fold

First-To restore silver to its dignity and place as a money metal, with all the rights of coinage and all the qualities of legal tender which gold possesses. Second—To issue sufficient amounts of currency direct to the people at a low rate of interest, to meet the legitmate demands of the business of the country and which

shall be legal tender for all debts, public Third-To secure to such issues equal Third—To secure to such issues equal dignity with money metals, by basing it on real, tangible, substantial values.

Colonel Poly was followed by Dr. C. W.

American Federation of Labor a sum of Colonel Polk was followed by Dr. C. W. McCune, Chairman of the National Committee on Legislation of the Alliance, who addressed himself more particularly to the merits and details of a system of ware-taking the places of the striking carpenters merits and details of a system of ware-houses as outlined in the bill. He asserted that merchandise thus stored would not deteriorate below the market standard, and that the system had proved feasible and practicable in California, where the Grangers' Bank in 1889 loaned \$3,000,000 on certificates issued to farmers on wheat

deposited in warehouses owned and con-

trolled by them. House Silver Committee. Washington, April 22d .- The House Silver Caucus Committee met this afternoon, and spent an hour endeavoring to reach an agreement. The committee is united on the proposition offered at last terests in the Central Pacific will not perbill, providing for the purchase of two million ounces of silver per month. An allowing the Secretary of the Treasury option in the redemption of bullion cerficates, they agreeing on the provision giving him discretion of redeeming them in lawful money or silver coin. The committee meets the Senate sub-committee tomorrow.

The Commercial Advertiser on the same subject says: The buying of Northern Pacific stock to day was done by the strong coins.

Perhaps a Colored Cadet. Washington, April 22d.—The appointments of naval cadets are beginning to flow into the Navy Department to fill sife and the stock was bulled was the proposed contract with the Pacific Mail for Tacoma terminus. The story in the street was that Northern Pacific and the street was the street was that Northern Pacific and the street was that Northern Pacific and the street was the vacancies that will be caused by the graduation of the class in June, but there is one vacancy already existing that is not yet The sum named is higher than will be serifilled, and that attracts some attention among the officers. This vacancy is to the credit of Representative Cheatnam, of the Second District of North Carolina, the only colored man in Congress, and it therefore becomes a direct probability that the new cadet will be of the dark race. This will be the second instance of the kind, and outcome will be noted with intense interest by every man in the service.

On an Inspection Trip. Washington, April 22d .- Orders have been issued at the Navy Department directing that the United States steamer Baltimore, now at Norfolk, proceed to sea on Saturday next on an inspection trip. She will remain at sea several days, and on May 10th will arrive at Baltimore, Md. where a celebration in her honor will be given by the city authorities. The Baltimore is now fully manned and equipped, with the exception of having on board two of her couplement of four 8-inch guns.

Man-of-War Nipsic. WASHINGTON, April 22d .- The sailors and crew of the unfortunate man-of-war Nipsic, which was wrecked in the Samoan hurricane, are clamoring at the doors of the Treasury for the money for the loss of their personal effects allowed them by an Act of Congress. John C. Moore has been engaged in prosecuting some of these claims during the past few days. He was Paymaster's Clerk on the Nipsic when she was blown ashore.

Snicide of a Young Widow. Washington, April 22d .- Mrs. Wildred Lawton Willingham, niece of General Lawton, formerly minister to Russia, committed suicide here last night. She came to secure a Government position and failed. She was about thirty years of age, and leaves a daughter of ten. Her remains have been sent home to Georgia.

Gray's Harbor. WASHINGTON, April 22d .- The sub-Com mittee on Commerce reported to the full committee this morning in favor of the appropriation for a light-house at Gray's Har-bor, Washington. The report of the full committee to the House will be made at the next meeting.

John C. Fremont. Washington, April 22d.-The President to-day sent to the Senate the nomination of John C. Fremont, of New York, to be Major-General of the United States army on the retired list.

Light-keeper Appointed. Washington, April 22d.—The Secretary of the Treasury has appointed Charles A. Paulsen third assistant keeper of the light station at Point Bonita, Cal.

Vacancy Filled. Carson (Nev.), April 22d. - Trenmor Coffin has been appointed to fill the County Treasurer's office made vacant by the death of Jake Lobriner.

Fearful Explosion. MARQUETTE (Mich.), April 22d. - The Anthony Powder Company's mill at Negaunee caught fire and exploded shortly after 9 o'clock to night, shocking the whole of Marquette county. Twenty minutes later there was another heavy explosion. The fire was scattered and is still burning. ne of the packing houses may go up. The shock in this city, eleven miles distant, was severe, while in Negaunee the store fronts were blown in, and the police are on duty

to protect the goods. No one was killed.

Building Interests in Chlcago Very Generally Demoralized. CHICAGO, April 22d. - The carpenters' strike presented an unchanged appearance to day. The same sporadic attempts on the part of the bosses to resume work were made to-day, with the usual uncertain re-sults. The Carpenters' Council will hold a conference this afternoon with President Gompers of the American Federation of Labor, at which the strike in all its rela-

The labor situation this afternoon pre-sents a more serious aspect. It is believed that by the 1st of May tradesmen numbering 25,000, belonging to the Federation of Labor, will quit work in sympathy with the eight-hour movement. Should such be the case, the interests of the city will be badly demoralized.

While a number of non-union carpenters were engaged in erecting a building this morning, a large crowd of union men gathered and demanded of them to cease work. Their request was refused, when the strikers resorted to violence by using Committee on Agriculture and Forestry to-day had under consideration Senator presence of the police after a terrible battle Vance's bill to provide for a system of on both sides. The police succeeded in arresting fifty of the rioters, who were locked up in the police station. AN APPEAL FOR AID.

CHICAGO, April 22d .- Samuel Gompers President of the Confederation of Labor, to-night issues an address to "wage-workers, and the sympathizers with the progress of America." He says:
"In accordance with a resolution of the Boston Convention of the American Federation of Labor, to select a trade to make a demand for the enforcement of the eighthour work per day on May 1st, the Executive Council have decided that the United Brotherhood of Carpenters and Joiners of

PACIFIC MAIL. The Effort to Secure a Line of Steam

ships by the Northern Pacific. New YORK, April 22d.—The Mail and Express says: The personal feelings of Mr. Gould are complicating the affairs of Pacific Mail. The Northern Pacific is anxious to compete with the Canadian Pacific in the China and Japan trade by secur-ing a Pacific Mail terminus at Tacoma. Gould is only too willing to make Tacoma the only terminus, while Huntington's in mit him to take the other line entirely away from San Francisco. Gould's object million ounces of silver per month. An agreement was reached on the question of allowing the Secretary of the Treasury Pacific, and the Northern Pacific is ready to guarantee the steamship company \$75,000 a month if it will make Tacoma its

parties. The point on which the stock was the Pacific Mail Company \$75,000 per month in consideration of the change. ously considered. The guarantee of smaller sum will, however, undoubtedly be offered, together with terminal facilities for the vessels. It may be stated on excelent authority that Villard and Huntington are much nearer together interested in he matter than has been supposed. If Huntington withdraws his opposition the change may be made.

Covered with Sores oy one year and a half old. Face and body in a terrible condition, being covered with sores. Sulphur Springs fatl. Cured by Cuticara Remedies.

Cured by Cuticura.

I have used your CUTICURA REMEDIES in two cases where it proved to be successful. The first was in the case of a boy a year and a half old. His face and body were in a terrible condition, the former being completely covered with sores. I took him to the Massena Sulphur Springs, but he did not improve any. I was then advised to try the CUTICUEA REMEDIES, which I did. He took one and one half bottles cura, one bottle of Curicura Resolvent being used. They have proved successful in every case. It is surprising how rapidly a child will improve under their treatment.
